## OUTDOOR EDUCATION

### Description of Program Plans

#### 2023-2024

**PLAN B:** Plan B provides Whites Pines Ranch OE specialists to share teaching responsibilities with school staff. Teachers teach approximately half of the educational program activities and run approximately half of the evening program activities. With White Pines Ranch OE staff and school staff teaching activities, the smallest teacher to student ratio is possible for instruction.

**PLAN C:** Plan C is offered for schools that are new to resident outdoor education or would like the educational activities and evening program activities conducted by White Pines Ranch OE staff. One teacher per instructional group is required to accompany students, to assist with group control, and to assist with day and evening activities. Since instructional groups are larger, teachers are expected to be with group, to help manage behavior and to lend support to WPR instructors at all times.

**IN ALL PLANS:** Teachers are responsible for supervising students during 4-5:30 PM times period and during the journal writing time. Schools provide equipment (usually recreational) for the activities they offer from 4-5:30 PM. Teachers should design, duplicate, and bring journals for reflective and creative writing after supper. The school staff is responsible for the supervision of students overnight, whenever children are in the dorms, and during any “free time” before and after meals.

**All program plans include the following:**

- Dormitory facilities, use of all facilities and program areas as scheduled
- Three meals and an evening snack per 24 hours  
(A hot meal on arrival is available for \$5 per person)
- Number of activities varies
